

WILDFLOWERS OF FOGO AND CHANGE ISLANDS

Todd Boland/Shorefast Foundation

10 x 8.25 • 204 pages
Over 200 photos
(cover art not final)

A spectacular guide to the native plants of Fogo and Change Islands, Newfoundland

The interest in the flora Newfoundland and Labrador is on the rise, with tourist flocking to the province's shores to experience the unique beauty and natural wonders the region has to offer. On the whole, guides to the flora of Newfoundland and Labrador have been rather limited. *Wildflowers of Fogo and Change Islands* will change that and introduce readers to the wide variety of mostly native plants found on Fogo and Change Islands, as well as all of eastern Newfoundland.

Describing nearly 200 species of plants, primarily native species, with a few of the more common roadside or lawn 'weeds' of European origin. The guide provides the common name of the plant as well as local Newfoundland and Labrador common names. Beautifully illustrated with more than 200 spectacular photographs this book offers visitors to Fogo Island a beautiful keepsake, as well as a practical reference for those interested in exploring the islands natural wonders.

- Lovely colour pictures throughout
- Interest in Newfoundland and Labrador is on the rise
- Promotes eco-tourism in Canada

SHOREFAST is a philanthropic organization formed by Anthony and Zita Cobb with a mission to enrich the history of Newfoundland and its outport communities, particularly Fogo and Change Islands.
